

AGENDA

NAPTAN Technical Working Group – Data Consumers

24 November 2020 (From 1000-1200)

[Click here to join the meeting](#)

Overview:

As you know from the last NaPTAN Technical working group we are looking at an Alpha phase for NaPTAN. We would like to understand the key users of the system and their drivers, as Consumers of data from NaPTAN you are key to the system. We want to get the best overview of how the data is consumed (and adapted) as we can.

With this meeting we would like to dive into some deeper points about how you interact with the NaPTAN..

We are bringing this group together to facilitate open and collaborative discussions about the technical elements of the redevelopment. We want to ensure that all interested parties have an opportunity to contribute to the conversation and would welcome your virtual attendance. If you can't attend but would still like to contribute your thoughts, please get in touch by emailing naptan.nptg@dft.gov.uk.

1. Welcome
2. Accessibility information - if you could, would you? How would you? What would change for you?
3. Data validation/Data Correction - how good is our data? What do you have to do it before you can use it? What could we do to improve?
4. If we could fix one thing for you, we should....
5. Next steps
